

# **Comox Valley Cycling Coalition**

## **Meeting Thur 30 Sep 10**

### **Agenda**

Minutes of last meeting

Matters arising from minutes of last meeting

Committee Reports:

Technical

Traffic count

Education

CanBike2 course

School program

Safe Routes to Schools program – we should try to make this a separate committee within Education as so much could be done to help kids to walk or bike to school safely. This program is already used in many cities in the US and Canada and lots of information on it is available. We need volunteers to come forward and work with individual schools in the Valley.

Media

Social

Special Events

This VERY important committee is yet to be formed – Need volunteers to come forward. It is all about organizing fun events like parades, different types of rides (reconnaissance rides, short tours, critical mass r.), Car Free Streets, Car Free Days, and much more.
