Petition Requesting Roadway Shoulders

To Blair Lekstrom Minister of Transportation with copies to:

Don McRae MLA, Emcon, Edwin Grieve Area C Rep, Ed Schum, Comox Valley Cycling Coalition, Christie Clark, John Duncan, Ernie Hardy, Band Chief.

This petition wishes to draw attention to the unsafe road conditions for cyclists, horseback riders, joggers, marathoners, pedestrians (including school kids / dog walkers) along Condensory Rd, just north of Courtenay and specifically from Condensory Bridge to Cessford Rd and beyond to connect safely with the One Spot Trail. Due to lack of any shoulders, the presence of dangerous curves and increased traffic volume, we strongly urge authorities responsible for this road to rectify this unsafe situation with all possible speed and before some person is killed.
