

Farm Cycle Tour 2017

September 24, saw yet another fun and successful Comox Valley Farm Cycle Tour. 335 cyclists (an increase from last year) enjoyed a warm sunny day on the tour of 27 varied establishments, 10 of whom participated for the first time. Included in the tour this year were 3 wineries, 2 breweries and 2 distilleries.

13 CVCCo members supported the event by providing help with route selection, GPS route mapping, set up, registration, provision and set up of bicycle racks.

The coordinator of the event, Comox Valley Economic Development Society is looking forward to expanding the great experience next year with perhaps the addition of chefs at some of the stops, showcasing local farm products.
